

## Software LICENSE TERMS

Licensor: Łukasiewicz – Poznań Institute of Technology,

Address: 61-755 Poznań, Estkowskiego 6 Str.

1. The Licensor declares that the "EtLog" software, hereinafter referred to as the Software together with the User's Manual, is covered by the copyright vested in Łukasiewicz – Poznań Institute of Technology with its registered office at Estkowskiego 6 Str., 61-755 Poznań. Only the Licensor is entitled to dispose of the Software.
2. The Licensor grants, on the day of payment of the remuneration, a paid, non-exclusive and non-transferable license and authorizes the Licensee to use the Software along with the documentation for an indefinite period of time under the terms of this license. Unauthorized use, copying or transfer of the Software is strictly prohibited. The rights granted to the Licensee do not include, either directly or by implication, any rights other than those set forth in this license.
3. As remuneration for granting the license, the Licensee is obliged to pay the Licensor remuneration, payable under the conditions specified in the order.
4. The Software may only be used by the number of users indicated in the table above. This does not apply to the situation in point 5 of this license.
5. The User is entitled to transfer the Software to another computer provided that the Software is completely removed from the previous computer.
6. The Software may be used only for processing own data and only for the needs of the Licensee's enterprise
7. The Licensee is obliged not to, in particular:
  - 7.1. Permanent or temporary reproduction of the Software, neither in whole nor in part, by any means and in any form, subject to the right to prepare:
    - 7.1.1. a backup copy, for archival purposes only, which may not be used concurrently with the Software,
    - 7.1.2. copies of the Software made for security purposes, which may not be used concurrently with the Software.
  - 7.2. Translations, corrections, adaptations, layout changes and any other changes to the final version of the Software or its part.
  - 7.3. Performing other activities aimed at creating derivative creative works and computer Softwares based on the Software and documentation with a similar

purpose or function as the Software for commercial purposes without consulting the Licensor.

8. The Licensor is entitled to control the compliance of the Licensee's use of the Software with the terms of the license granted, in particular, it may request access to the location of the Software, and the Licensee is obliged to provide the Licensor with a real possibility to make inspections.

9. The Licensee is obliged to protect the Software against knowledge of the essence or use of the Software by third parties, as well as for third parties. The Licensee is obliged to protect the Software against loss or damage.

10. The provisions regarding the Software license shall apply accordingly to all forms of expression of the Software made available to the Licensee, including all forms of documentation.

11. In the event of a breach by the Licensee of the provisions of this license, the Licensor shall set him a 14-day period to cease the infringement and remove the effects specified by the Licensor in the request to cease infringement under the risk of losing the rights to use the Software.

12. If the Licensor fails to comply with the request and the Licensor submits to the Licensee a statement on the loss of rights to use the Software, the Licensee:

a. is obliged to pay additional remuneration for non-contractual use of the Software in the amount corresponding to the rates in accordance with the Licensor's current price list,

b. is obliged to pay the Licensor a contractual penalty in the amount of PLN, corresponding to the equivalent of the value of the Software,

c. within 3 days of losing the right to use the Software, is obliged to return the Software and remove all copies of the Software and backup copies.

The Licensor may claim compensation in excess of the contractual penalty on general terms

13. In the event of termination of the license agreement by the Licensor for reasons specified in point 12 and 13, the Licensor retains the right to remuneration for the granted licenses.

## Software Warranty Terms

1. The Guarantor is not liable for any direct and indirect effects resulting from the use of the Software, in particular for damages resulting from loss of data, profits and revenues resulting from the use of the Software, etc.
2. The Guarantor grants the Buyer a 12-month guarantee for the delivered Software, counting from the date of payment of remuneration.  
The warranty applies to the free removal of defects involving the operation of the Software contrary to the documentation.
3. During the warranty period, the Guarantor undertakes to remove any faults or defects in the Software free of charge, excluding the cases described in point 6.
4. Reported defects will be removed immediately, as soon as possible, with the utmost care, in accordance with current technical knowledge
5. The Guarantor undertakes to remove defects within 3 working days at the latest. In the case of minor defects (possible ongoing use of the Software), the Guarantor undertakes to proceed to remove the defects within 7 working days. Defects will be removed as soon as possible, but not later than 7 working days from the commencement of the removal of defects. If the Guarantor finds that the time necessary to remove the defect is longer than 7 working days, he is obliged to inform the Buyer in writing within 3 working days of starting the removal of defects at the latest and specify the deadline for removing the defects.
6. The warranty does not cover cases of incorrect operation of the Software caused by:
  - 6.1. failures of the computer hardware and the environment on which the Software was installed, including the loss of files not attributable to the Guarantor;
  - 6.2. the Buyer's interference with the Software or data in a manner other than described in the documentation;
  - 6.3. change of the system date to an inconsistent with the real one;
  - 6.4. operation of computer viruses;
  - 6.5. entering incorrect data or not entering data necessary for the operation of the Software in accordance with system documentation;
  - 6.6. failure to fulfill the obligation to administer the Software by the Buyer in accordance with the system documentation.
7. In the event that the Buyer loses the Software as a result of random events, the Guarantor undertakes to deliver a paid carrier containing the licensed Software.
